HUB CHRISTMAS DINNER

BY DANESSA CAMARGO

I came directly from work to the Christmas dinner and was kindly welcomed in by two hosts. I stepped into the church hall and was surprised of how beautifully everything was set up for the evening. Guest had taken their seats, so I sat next to one of my friends and the first of the three course meal was served. The food was awesome!

In between the courses we played Kahoot, listened to spoken word and live music, and voted the best dressed person. I really enjoyed the the spectacular entertainment and of course, had lots of fun on the dance floor.

For me it was a great opportunity to socialise with friends I haven't seen in a long time, and also to meet new ones. What better way to finish off the year than with good company and delicious food?

CHRISTMAS MOVIES AT THE HUB

BY ANNE-CHRISTELLE

Finding a topic for the Hub after a year of incredible projects was not an easy task. What can we do that hasn't already been done? Maybe that's the interesting part of the question and why being part of the Hub planning team is such a unique experience. I cannot count the number of good ideas that comes within a simple discussion.

We reviewed all the potential ideas and took into consideration the context of Christmas, which, as we all know, can be very busy with a hundred things to do. The Hub is a place where we can discuss, connect, where it is safe to talk about our culture, our faith, our questions and doubts, a place where we can encourage each other, but also somewhere to relax and chill, so why don't we collectively do that while doing this cultural tradition: watching a Christmas movie? Turns out it was a great suggestion

HIGHLIGHTS OF 2019

BY THE HUB TEAM

2019 has been a great year for us. We celebrated our 1st birthday, experienced God at our worship nights, Sunday sessions and social events. We've grown as a community of young adults who are desperate to seek God's face and walk in His purpose for our lives. We've had testimonies, people give their life to Christ and witnessed the goodness of the Lord over and over again.

In 2020, we are believing God to move in every aspect of our lives. To equip us to fulfil our God-given purposes and to reach out to the people in London who are yet to experience the love of God. We believe in raising up disciples, a generation who will be on fire for God and share the good news at home, work and wherever we find ourselves. God has begun a great work in us and He is faithful to complete it - let's get it!

2020 VISION

BY DOROTHY ATTA

One of our final sessions of 2019 was spent thinking, talking and praying about vision. Vision is important because it allows us to know where we are going and it helps us make the necessary steps to get there. During this session, I was encouraged and amazed at the many testimonies, to hear the incredible things that God has done in many of the young adults in 2019.

Proverbs 16:9 says we may have an idea of where we want to go, but it is God who orders our steps. Towards the end of the session we split into groups and spent time thanking God for 2019 and all He has done. We also prayed for direction in 2020, for God's will to be done, and for us seek God willingly with all our heart, mind, body, and soul. We can have the goals, vision and even the determination to see them through, but if we do it without God, eventually, it will fade. It's important this year to spend some time seeking God and His will for our lives, because when we are obedient to His instruction, He will help us.
